

Working Stiffs John Zeijdel (Big John Zed)

Well, the alarm goes off at a quarter past six
Roll over now and give the wife a kiss
It's another day in the lives of the workin' stiffs
It's another day in the lives of the workin' stiffs

Get my steel toe shoes and my workin' blues
Gotta go, honey or it's money we'll lose
It's another day in the lives of the workin' stiffs
Just another day in the lives of the workin' stiffs

On the way downtown as I listen to The Sound
The DJ says something quite profound
It's another day in the lives of the workin' stiffs
Just another day in the lives of the workin' stiffs

Well, are we insane?
Just playin' a game
Workin every day
Come sun or rain
You're lookin at me
and I'm still the same
Workin stiff

Ooohh, ooohh, oohhh...
Ooohh, ooohh, oohhh...
Ooohh, ooohh, oohhh...
Hmm, Hmm, Hmm

Well I don't ask why and I don't ask how
Just do the work by the sweat of my brow
It's another day in the lives of the workin' stiffs
Just another day in the lives of the workin' stiffs

Well its really not my sound but it makes me smile
The wife and I ain't been out in a while
It's another day in the lives of the workin' stiffs
It's another day and I'm going out tonight!

It's quarter to four and we're headed for the door
Say beer, say whiskey say work no more
And I'll be down with havin some fun
Work to party till the night is done, uh huh...
Oh, come on, Ooohh...

And they worked all day and they played all night
It's the country rock way, you know what they say
Said they worked all day and they played all night
It's a hey hey hey, you know what they say

Said they worked all day and they played all night
It's the country rock way don't you know what they say
Said they worked all day and they played all night
It's a hey hey hey, you know what they say
Said hey hey hey, you know what they say
Said hey hey hey, you know what they say

Ooohh...
Ooohh...
Ooohh...
